

AERONAUTICAL CHART BULLETIN

The purpose of this bulletin is to provide major changes in aeronautical information that have occurred since the last publication date of each Sectional Aeronautical, VFR Terminal Area, and Helicopter Route Chart listed. The general policy is to include only those changes to controlled airspace and special use airspace that present a hazardous condition or impose a restriction on the pilot, and major changes to airports and radio navigational facilities, thereby providing the VFR pilot with the essential data necessary to update and maintain chart currency. The data is grouped by type and then by effective date. When a new edition of the Aeronautical Chart is published, the corrective tabulation will be removed from this bulletin. Inasmuch as this Bulletin provides major changes only, pilots should consult the airport listing in this directory for all new information. Users of U.S. World Aeronautical Charts (WAC) and U.S. Gulf Coast VFR Aeronautical Charts should consult the appropriate Sectional and VFR Terminal Area Charts for revisions. Positions are shown as degrees, minutes, seconds and hemisphere. Data is current as of 56 days prior to the date of this publication.

Military Training Routes (MTRs) are shown on Sectional Aeronautical Charts, VFR Terminal Area, and Helicopter Route Charts. Only the route centerline, direction of flight and the route designator are shown — route widths and altitudes are not shown. Since these routes are subject to change every 56 days and the charts are reissued generally every 6 months, routes with a change in the alignment of the charted route centerline will be listed in this Aeronautical Chart Bulletin below.

You are advised to contact Flight Service for route dimensions and current status for those routes affecting your flight.

ANCHORAGE/FAIRBANKS TERMINAL AREA CHART

67th Edition, 2 Jun 2011

OBSTRUCTIONS

30 Jun 2011 No Major Changes.

25 Aug 2011 Add obst 721' MSL (400' AGL), 61°25'54"N, 149°59'53"W.

20 Oct 2011 No Major Changes.

AIRPORTS

30 Jun 2011 Add arpt name BLAIR LAKE (ARMY) (2AK1), elev 910, and runway length 15 at BLAIR LAKE arpt, 64°21'49"N, 147°21'50"W.

25 Aug 2011 Delete JIMS arpt, 61°37'00"N, 149°11'29"W.

20 Oct 2011 No Major Changes.
